Back to camp for lunch and it was pack up time. Some winching and other recovery skills were practised, and by about 3.30pm we set off for home, with a parting of the ways at Tailem Bend.

All in all it was a fun weekend and I think all those that attended enjoyed themselves. Thanks to the Suzuki Club for their company and for organizing the weekend.

It has been a quiet month for the president. We spent a delightful weekend doing a pretrip run to the Marne River, and plan to organise a weekend there sometime in the future.

So far I have received a few nominations for trophies and committee positions. Fill out those forms and hand them in at the meeting! Remember the club is run by the people YOU elect. To anyone thinking about taking up a position on the committee, I can certainly recommend it. One thing we do need on the committee is a balance between the enthusiasm of the new guys and gals and the experience of the past, to implement the great ideas put forward and maintain some continuity within the club.

I'm looking forward to the Annual Dinner on June 3rd, it was a great night of fun last year. The food was fantastic (and you can keep going back for more!!)

The Simpson Desert crossing should be a great trip, with many stories to tell upon return. I hope Corey's Magelan works well and he knows how to use it....I have seen him navigate from a map. Mind you I do recall a certain team being called "Yogi & Booboo" after leaving the carpark in the wrong direction on a navigation run..... Best of luck!

The Southern Vales winery trip is shaping up to be an enjoyable trip with a half a dozen wineries and no driving - count me in!

See you on June 2nd.....

TRIP OVER - "DORADO DOWNS" Geranium

Arriving at Tailem Bend on Saturday morning, Wes and I met up with the Suzuki club and our own members. There were a heap of Suzuki club vehicles, but I didn't count them (at least 10 I think). After a ½ hour of chatting we all set off towards Geranium at a sedate pace, arriving at Dorado Downs by about noon.

Camp was set up and then everyone set off in various groups - some joining the Suzuki Club in formal instruction and the rest just exploring the property in 4WD. There are some interesting hill climbs - almost everyone having difficulties at one point or another (especially Tony, who seemed to be intent in practising his reversing manoeuvres several times on every hill!)

Finally everyone headed back to camp and got themselves ready for their tea, which appeared in various forms (I hate to think what Tony had - I saw him eating a tin of corn kernels at lunch - disgusting!). Two campfires were on the go, and it set the scene for two groups of people. Our group consisted of all our members plus some Suzuki people. By 9pm most of our group headed for bed and the rest stayed up till after midnight. The ports were handed around- (Dave, you missed out on the port Irena brought just for you!) and various tales were told (to the accompaniment of the laughing chainsaw).

Some people seemed to have drunk a little too much port (no names mentioned, but there were several), but eventually everyone dragged themselves off to their respective sleeping quarters - (I think!).

We awoke to the great bone-handled knife hunt and the news that Briony had a flat tyre. After a freezing cold night it was hard to drag ourselves out, but the sand hills called and after a leisurely breakfast we all headed out again - everyone keen to practice their skills. (But where was Leo?)

Not much longer to go until the new committee members are elected and I as editor will not be re-applying again. The bullsheet is a lot of fun to do and yes there is alot of work but I dont regret it and sure I would do it again, but since moving 6 months ago we do not have room for the photographer etc... (or time since another child.)
If you are considering being the editor and would like to have some more information see me at the meeting.

As editor for 1994/5 it has been very rewarding and also interesting. The only problem we found with the Bullsheet was the photographer, which has just been fully serviced. I found that at the begining it was very hard, but after a few issues things got easier believe me it does and it also becomes very enjoyable.

I would also like to apologise to Wes Young for his unchanged phone number on the first page for the past couple of issues. As Wes said at the meeting "Don't worry, Rosine and I haven't separated".

Power Brakes have kindly offered us as a club, 20% discount on parts and 10% on labour. They have 3 branches, Gilles Plains
Norwood
Aldgate.

SOUTHERN VALES WINERY TRIP SATURDAY 5/8/95

Do you want to:

- Get back to nature amongst native bush and large gum trees.
- Visit an old cave and pidgeon loft.
- Celebrate 100 years of ownership.
- Visit the oldest pot still in South Australia.
- Learn two new Aboriginal words.

OR

- Do you just remember Woodstock.

If you answered yes to any two of the above, then join Chris Gibki (Trip Leader alias Minutes Secretary), and Greg Galatis (Bus Driver and joke teller extraordinaire) on the 5th August.

Tantalise your taste buds on this fantastic and interestingly different club trip. All tastes have been catered for (including the Olive eaters).

Numbers are limited to 20 (we have a mini not a maxi bus), and we'd prefer it if all juveniles and children were left with their grandparents for the day.

See me at the June meeting for further information and maps of the area.

PS: It would be good if the Club could man more than just one road closure, so if you would like to team up with a few friends to help out it would be greatly appreciated. All you are required to do is block the road by erecting some supplied bunting and then stay there and spectate for the duration of the event.

If you are interested, call me to arrange the times etc. You will need to be available on the day between 2 pm until late.

COMING TRIPS

SIMPSON DESERT EXCURSION

July School Holidays

Depart: Adelaide 15th. July 1995
Duration: 8 days.

Leader: James Szpunar - Ph.295 4702

A trip of very mixed terrain, varying from formed tracks, sandhills and salt lakes, with 4x4 driving, camping, walking and exploring.
We will be entering through the south east area of the Simpson Desert and will finish in either Birdsville or Dalhousie. Having been caught out in the rain in this region before, the ultimate exit will depend on the weather and prevailing conditions.
You will need to be fully self sufficient in all aspects with enough food and water for the 8 days, and fuel for approx. 1000kms.
The numbers of vehicles on this trip will be limited and you will need to contact me as soon as you can.
Well prepared vehicles only will be accepted.
