S U B A

Hi Fellow Club Members,

My short trip to Italy was fantastic, I was in the North in a region call Cuneo and visited Milan and Turin on the way. Had a look through the Italian National Motor Museum where there was a display of classic rally cars from the 70's and 80's, Audi Quattro GR4, Lancia Rally 307 EVO2, Lancia Stratos to name a few classic rally cars, long before the dominance of Subaru WRX.

This made me think, all long achieving classics are replaced by new models, that bring new excitement and experiences.....

Can you see where this is heading?

The AGM is rapidly charging towards us, like a WRX overtaking an Audi Quattro in a forest.

The committee does a great job and most committee members have been on the job for a long time and should be applauded for their efforts. New committee members with fresh ideas and a passion to see the club remain successful are more than welcome, so please put your hand up or nominate a fresh face. There are lots of roles to go around, so lend a hand and share the load as they say any hands make light work.

Also, who do you think deserves a club trophy for their efforts in the club or their general kookiness, driving skill (or lack of it) or how well set up their car is, please nominate worthy trophy winners and add a reason why they deserve the trophy.

This year an email will be sent out to all members with committee and trophy nominations, simply select return and fill in who you want to nominate for a committee roll or a trophy and why. Now that the magazine is electronic, it is a bit hard to pull out the nomination form insert and return it! We have a guest speaker from Monroe shock absorbers at the May meeting, this will be very interesting, and we should all learn something from it.

Charlie is doing a great job organising guest speakers, well done mate.

Hope to see you at the May meeting or along the track somewhere soon,

Cheers Shinksy

Editors Report

Hi Everyone,

Hope you are adjusting to the cooler weather and rugging up against the chills. Our first trip to Dutchmans Stern is this month, followed by the annual migration to Peake in June, with a day trip to Old Tailem Town, also in June.

Get your names on the Trip Sheets for these and the other trips planned before the spaces run out.

Having names on Trip Sheets, helps the trip leader with Trip Planning, especially if it is a Volunteering Trip. Jobs and equipment need to be allocated.

Gloria and I recently joined 20 Vietnam Veterans for a week away to Burra, Clare and Mintaro. We had a wonderful time with the mad mob. We stayed in the Paxton Square Cottages, (formally miners houses) which are very comfortable.

We enjoyed exploring the heritage of the towns and the excellent bakery and hotel food. I believe some wine was sampled and purchased too.

We have joined the ranks of the Empty Nesters, with Shane recently leaving the building, so we are adjusting to the extra space and not having to be quiet around the house, for the early riser.

At the April Club meeting, I mentioned that with the onset of winter, the Vietnam Veterans Federation and other groups are collecting Non Perishable food and toiletries for males and females. Any donations are warmly accepted and appreciated.

The items are distributed by the Andrew Russell Veteran Living to Homeless Veterans and those trying to establish themselves within the community.

On behalf of the Veteran Community, I would like thank those generous Club Members who have donated already. Anyone wanting to donate can bring items to Club Meetings, or contact Me

Happy Exploring Bruce Mitchell, Editor Send Stuff for a Stuffed Magazine

The Next Committee Meeting will be held at on Wednesday 24th May 2023 at the home of Debbies @,Aldgate. Please arrive for a 7.30pm SHARP, START.

The next General Meeting of the Subaru 4WD Club Of SA INC

will be held on Friday May 5th, 2023 at 7.30pm with Guest Speaker, Chris Ellis, Engineering Manager, Monroe Australia B.Y.O share Supper will be available at meeting close.

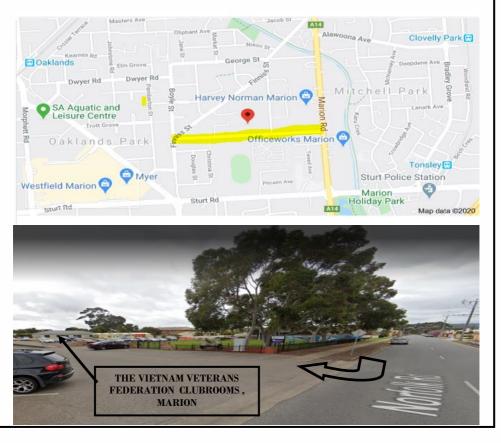

Vietnam Veterans Federation Clubrooms.

The Yerbury Centre, Unit 1, 31/39 Norfolk Rd, Marion SA, at the REAR of the property on the ON THE RIGHT, adjacent to the Marion RSL

Fielders Products Showroom is on the northern corner of Marion Rd. and Norfolk Rd.

Turn into Norfolk Rd & past Township Rd., on the Right ,is a park,

Turn Right into the wide park driveway, go to the Building at the rear RIGHT

Len Beadell Publications

A celebration of Len's 100th birthday

This is a small profile of Len's life, to highlight his many achievements and celebrate what would have been his 100th birthday on 21 April 2023.

Len's early life shaped him into the person he was to become. He was born at The Glen, a rural holding with an orchard, chickens and cows in West Pennant Hills, NSW on 21 April 1923. His mother described him as a 'darling little boy' who was compassionate & unselfish with a cheerful, happy disposition. He attended Gladesville Public School, Ryde in 1928 then Burwood Public School in 1930.

Len attended 1st Burwood Scouts on the suggestion of a school friend and met the Scout master, John Richmond (Skip or Mr Mond to the boys) who taught him astronomical observations and how to use a theodolite. Many weekend survey trips in Scouts were spent learning the craft that he would rely on in Australia's outback 20 years later. Len finished his formal education at Sydney Grammar School in 1939, before going into a surveying posi-

tion with the Sydney Water Board. His surveying career continued throughout his war service, which included his service in New Guinea with the Army Survey Corps, and then afterwards for the British and Australian Governments.

To continue reading the fascinating Len Beadell Story go to

Why is it called
Battery Track
Port??
Ask Paul at a
Club Meeting

Celebrating 21 Years of Club Members
Volunteering in our wonderful National and
Conservation Parks.

The port will help warm up those coming winter nights at home, or around the campfire.

Supplied by local Fleurieu Winery, Horndale, it's great on the nose and better on the palate Only \$15 a bottle.

Contact Paul Shinks for your supplies on 0427 237 455

SA's new internationally significant fossil national park opened on 27 April 2023

Nilpena Ediacara National Park

South Australia's newest national park is located 500km north of Adelaide, near Parachilna, and provides a unique insight into life on Earth 550 million years ago.

It is home to the world's most comprehensive record of Ediacara fossils and the first multi-cellular creatures that ate, moved and sexually reproduced.

The new park includes an audio-visual experience that recreates the ancient ocean floor, bringing the fossils to life with the latest 3D animation technology and located within the former blacksmiths shop.

The park takes in the Ediacara Hills and 60,000 hectares of the former Nilpena Pastoral lease. It holds an important place within the state's pastoral heritage and the stone shearing shed, shearers' quarters and blacksmiths have been restored.

Nilpena Ediacara National Park

National Parks and Wildlife Service Executive Director Mike Williams said Nilpena is a dynamic new addition to the already diverse and unique list of national parks in South Australia.

"From day one of this project, NPWS has taken a lead role in ensuring the preservation of the region for all future generations," Mr Williams said.

"It will lead to new levels of understanding of the world in which we live, highlighting the importance of our efforts in conservation and environmental care."

The area is culturally significance to the Adnyamathanha people with traditional ceremonial sites, meeting places and middens located along its creek beds.

To preserve the integrity of the fossils, access to the site is via pre-booked guided tours.

Nilpena has gained significant international attention from researchers, palaeontologists and conservationists, including from NASA and Sir David Attenborough, and featured in a recent ABC TV and online profile – Set in Stone.

The park is a vital component of the current bid in the pursuit of World Heritage listing for areas of the Flinders Ranges.

Nilpena Ediacara National Park has been delivered by the South Australian Government with funding support from the Australian Government and the Flinders Ranges Ediacara Foundation.

For more information visit the Nilpena Ediacara National Park website.

1978 Subaru 4WD wagon.. was pretty amazing where a well driven one of these family cars could go! The height adustable (manually) suspension on some models allowed you to jack them up for off road and drop them for Hwy use. I reckon Subaru made some of the ugliest cars around, but the engineering was always innovative and impressive. No wonder they have a die hard following.

Not sure the old ad has stood the test of time though.

This book

It is recommended that Club Members carry an up to date copy in their Vehicle Glove Boxes, Especially on Club Trips or Events. Club Officials would only access Personal Information in an Emergency.

Available from the Treasurer for \$2.00

The

Emergency Medical Information Book - contains all of your information and medical records which is needed if or when an ambulance is called and you need to be transported to a hospital.

When paramedics are called, a typical scenario is that distraught family members may be unable to give correct details of the patient's condition, or the medication they may be on. The paramedics physically have to collect all the patients medication in the house, try and obtain a medical history and take it to the hospital with the patient.

This small book contains patient contacts, service or carer provider information, medications and any medical condition, so a paramedic is able to treat and ready a patient for transport to a hospital.

HAVE ONE ON THE FRIDGE Has a Magnetic plastic sleeve
